

Webcam / Audio Problems

Problem

My webcam is broken/missing, can I have the exam?

Solution

Unfortunately, You must have a working webcam to start the online exam.

Problem

When I move to step 3, the Video Recording step is not completed. Webcam sharing gets error without being asked.

System Check 3/6

We are checking your system and environment. For some of the recording items we need your action, the system will guide you! For the starting session, all items must be verified. If there any unverified item please press "Retry" for verifying again.

Solution

1. If there are any virtual camera applications on your computer, all should be deleted.
2. If you use an external camera, the computer's camera should be disabled on the Device Manager screen.

- Go to the Device Manager screen

- Right-click for the unused cameras and choose the "Disable device"

 Do you still have a problem? If you are a Mac OS user, Please visit [Webcam Problems / Mac OS](#). If you are a Windows user, Please visit [Webcam Problems / Windows](#)
